PROFESSIONAL SUMMARY

Marketing professional with experience in digital marketing: content strategy, social media, search visibility and brand development. I work on the digital presence of both companies and personal brands, from planning through production, publishing and performance analysis.

That digital foundation is backed by hands-on operating and ownership experience: I have organized more than 25 of my own events and supported more than 150 events in marketing, logistics and operations, in addition to co-founding and running a food business.

EDUCATION

Bachelor's Degree in Business Marketing — Universidad Latina de Panamá · 2021 – 2026 · Coursework completed in 2026, pending graduation ceremony

Throughout 2025 and 2026 I focused full-time on completing my degree; the professional internship at ZEWS Panamá was the final course, completed in September 2026.

High School Diploma in Commerce, Marketing emphasis — Instituto Panamericano

PROFESSIONAL EXPERIENCE

ZEWS PANAMÁ

Marketing Assistant · Professional Internship | May – Sep 2026

- Development of SEO and GEO (Generative Engine Optimization) strategies to position companies both in traditional search engines and in AI answer engines.
- **Produced 80+ corporate content pieces** (blog articles, carousels, reels, infographics and video scripts) for the agency's own channels.
- Design and management of the corporate editorial calendar, the master document governing all weekly content production across social media, blog and LinkedIn.
- Management and optimization of the Google Business profile: service structure, recurring posts and review generation strategy.
- **Built and segmented a database of 700+ companies** across various industries for commercial prospecting.
- **Built a proprietary automated website analysis tool** (developed with Python and AI) that audits each company's digital presence and prioritizes its main improvement opportunities.
- Variables assessed by the tool: site functionality and SSL, contact form, WhatsApp button, active blog, on-page SEO (title, meta description and h1 tags), page speed, responsive design, sitemap and robots, and Google visibility by industry.
- Preliminary digital audits for digital transformation projects, including opportunity reports and improvement recommendations.
- **Prepared 10+ internal proposals** to improve the agency's operations and strengthen its own digital presence.
- Applied generative AI to editorial production, market research and digital analysis.

INDEPENDENT PROJECT

Personal brand and image management — content creator | Aug 2026 – Present

- Designed the personal brand strategy and content plan: positioning, content pillars, formats and posting cadence.
- End-to-end audiovisual production: filming, editing and publishing content for social media.
- Social media and community management, tracking post performance and adjusting the strategy based on results.
- Public image management and outreach to brands for collaboration opportunities.

UTOPÍA SONORA
Independent venture · Marketing and production lead | Feb 2021 – Mar 2025

- Created and led an independent events and electronic music project in Panama.
- Produced and executed more than 25 of my own events; supported marketing and logistics for more than 150 events.
- Developed promotion strategies and ticket sales through a team of promoters.
- Managed social media and content for brands, artists and events.
- Booked artists, venues and suppliers; coordinated multidisciplinary teams.

ANAYANSI BURGERS
Co-founder and marketing manager (parallel to Utopía Sonora) | Feb 2021 – Nov 2023

- Created and developed the business concept, from brand to daily operations.
- Managed social media, digital promotion and brand positioning.
- Customer service, operations supervision and inventory control.

EARLIER EXPERIENCE

Brewstop (Nov 2018 – Aug 2019) — kitchen production and inventory control.

Esa Flaca Rica Food Truck (Sep 2017 – Oct 2018) — kitchen operations and customer service.

Pro Call Solution, S.A. (Apr – Dec 2016) — phone support, client management and project presentations.

JAP Media, S.A. (Feb – Apr 2016) — sales and marketing support.

Seguros Nabero, S.A. (Oct 2014 – Dec 2015) — insurance sales, database management and marketing support.

CORE SKILLS

LANGUAGES

Spanish: native. English: conversational (intermediate speaking), with advanced reading and writing.

WHAT SETS ME APART

A hybrid profile combining technical digital marketing — SEO, GEO and applied AI — with hands-on content production and real business ownership. I have sold, produced and been accountable for results, not only planned them.
